SARABANDE

Garden Party Plant Pat. No. 1814

This spectacular new Hybrid Tea has Charlotte Armstrong and Peace as parents. The blooms are a combination of soft pastels. Rich ivory at the flower's heart gives way to creamy tones and finally to a pronounced flush of apple-blossom-pink at the outer edge of the 25 to 30 wide flaring petals. The flower is often as large or larger than Peace, yet it has a lovely long bud and marvelous form in the opening bloom. The plant is well balanced, vigorous, free branching and free blooming.

\$3.50 each; 3 for \$9.30

GARDEN PARTY

Sarabande Plant Pat. No. 1761

"Sarabande," the sparkling Spanish dance, gave its name to this delightful new Floribunda. These vivid, non-fading, iridescent orange-scarlet blooms are borne in clusters. The semi-double flowers, large for a Floribunda, show rich yellow stamens. The broad, low plant blooms early and is always a splash of color. Use it as a low compact hedge, a driveway border or a landscape accent.

\$2.50 each; 3 for \$6.60

Fire King Plant Pat. No. 1758

A challenging vermillion with 3-inch, double blooms borne on a lusty, upright plant in heavy clusters. Makes good, long-lasting bouquets for the house. The foliage is a deep rich green to set off the flaming blooms. For a blaze of color in your Rose garden, nothing can surpass the May-to-frost glory of this fine new Floribunda.

The Alamo Plant Pat. No. 1689

One glance at the illustration at the right will show you why we call The Alamo a truly sensational new Rose. The flowers are absolutely packed with thick, velvety petals—as many as 100 to 125 of them—of rich cardinal-red. The large bloom is carried on a strong stem. It is cupped at first, becoming flat as it opens, with the petals rolling outward. Vigorous and upright in habit of growth, with leathery foliage.

White Knight Plant Pat. No. 1359

A perfect white Rose from Francis Meiland, the creator of Peace. This grand new Hybrid Tea is a Galahad of Roses, serene and confident and proud. The perfectly pointed buds, elegant in form, open into impressive blooms—each a 35-petaled beauty.
